**Event Name:** Hair Dyeing  
**Event Location:** East Campus Courtyard (62)  
**Event Coordinator:** Annie Labine ([alabine@mit.edu](mailto:alabine@mit.edu))

**Event Description:**
For three days during CPW, we will be dying prefrosh’s hair various colors of the rainbow.

**Safety Precautions**
The students running the event all have extensive experience in dyeing hair safely and successfully. They will take basic safety precautions such as following manufacturer’s directions and asking the prefrosh about any relevant chemical allergies or sensitivities.

The products we use are generally very safe. We will have water on site for emergency eye washing, and first floor showers will be available for rinsing out excess dye thoroughly.
